

Executive Summary

What is IXACT Contact?

IXACT Contact is a next-generation real estate CRM that gives your agents all the tools they need to manage their contact information, keep in touch communications, active business, and online presence. All in a single, easy-to-use solution. And with our Mobile App, agents can manage their business from anywhere on any device.

Best of all, with our unique marketing automation and “set it and forget it” capabilities, IXACT Contact acts like your agent’s own virtual assistant. They’ll save time, be better organized, keep in touch with past clients, nurture and convert leads into listings, and generate more referrals and repeat business.
